F. N. Maude : The Jena Campaign, 1806 (Napoleonic Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Jena Campaign, 1806 (Napoleonic Library):

0 of 0 people found the following review helpful. I wanted to understand what his life would have been like as a combatantBy Heidi B. GoodI do a lot of genealogy and have an ancestor who fought on the losing side of this battle. I wanted to understand what his life would have been like as a combatant. Very helpful13 of 14 people found the

following review helpful. A good, solid, well-researched work. By phof@imagicgames.de Maude's is probably the most authoritative work on the 1806 Campaign published in the English language. Obviously, it does not go into the subject matter in the same depth as the French and German General Staffs, but Maude drew extensively on this material and made it available to the monolingual reader. His account is largely balanced and Maude shows a deep understanding of the issues surrounding this campaign. Maude is certainly more authoritative than his contemporary Petre and the quality of his work has yet to be surpassed by anybody writing in the English language.

In this balanced and gripping narrative of the Jena Campaign, Maude gives the reader an insight into the strengths and weaknesses of the 2 opposing armies. With the diagrams that show the 2 sides' positions, the battle can be followed with ease. '
