**Martin Mccauley : The Khrushchev Era 1953-1964** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Khrushchev Era 1953-1964:

0 of 0 people found the following review helpful. Great Book...a must for those interested in history of Soviet politics.By JRoudebushVery compelling and fast moving, turbulent, chaotic, violent at times but nevertheless Soviet

life as it was...a really great read!!!Thanks!!2 of 3 people found the following review helpful. Bulgarian TomatoesBy Jack K.A biography on Khrushchev...and Bulgarian Tomatoes, how do they relate? This biography contains numerous details which one probably does not really care to know, but is loaded with information on the guy himself and how he rose to power. I would recommend this for IB history classes, which helps to understand the cold war. The end section, which contains documents is rather interesting and simple to follow. There is one document on Khrushchev's views on Bulgarian tomatoes, which is rather interesting. However, the British spellings can be annoying for American readers, but should not hinder anyone's desire to purchase this. It is deffinitely great material to be used in a seminar.

History and politics students alike will welcome this new Seminar Study which analyses the Khrushchev era -- a critical period of Soviet and world history. It was Khrushchev who, in 1957, finally filled the political vacuum left by the death of Stalin in 1953. He was an erratic, impulsive, inspirational and innovative leader who addressed the fundamental problems of the country - and yet he was, Martin McCauley argues, "a brilliant failure". In this study the author explores all aspects of the Khrushchev era: including reforms in agriculture, economic policy, crises in Eastern Europe, the Cuban Missile Crisis of 1962, de-Stalinisation and Khrushchev's attempts to reform the Communist Party.

From the Back CoverWhen Stalin died in 1953 he left behind a political vacuum and a flawed legacy. By 1957 Khrushchev was the acclaimed national leader and embarked on a major programme of reform. Martin McCauley assesses all aspects of the Khrushchev era, as well as analysing the complex personality of Khrushchev himself.
