**Andrew Santella : The Korean War (We the People: Modern America)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Korean War (We the People: Modern America)*:

On June 25, 1950, thousands of North Korean troops streamed into South Korea, leading an invasion that caught most of the world by surprise. The United States quickly responded by sending troops to help the South Koreans defend their country. Help from other members of the United Nations came in the form of combat units, medical teams, food, and other supplies. For more than three years, the war raged on, leading to the deaths of countless soldiers and civilians.

About the Author Andrew Santella writes for magazines and newspapers, including GQ and the New York Times Book . He is the author of a number of books for young readers. He lives outside Chicago with his wife and son.
