**Robert Penn Warren : The Legacy of the Civil War** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Legacy of the Civil War:

0 of 0 people found the following review helpful. Five Stars By mosbygreat2 of 4 people found the following review helpful. A must read By T. L. Marsters All Americans should read this book. An open-minded, objective Southern scholar, Robert Penn Warren has contributed prize-winning fiction, thoughtful essays and gripping poetry to the

American literary landscape. It seems that his goal/desire is to help the reader understand the whys and wherefores of the mentality of the American South. That is a daunting challenge, but he has met it with grace and scholarly insight. I am a devotee of everything Warren has written, and I return to his works again and again. 0 of 1 people found the following review helpful. Five Stars  
By Kenneth A. Torgerson  
KAs promised.

In this elegant book, the Pulitzer Prize-winning writer explores the manifold ways in which the Civil War changed the United States forever. He confronts its costs, not only human (six hundred thousand men killed) and economic (beyond reckoning) but social and psychological. He touches on popular misconceptions, including some concerning Abraham Lincoln and the issue of slavery. The war in all its facets “grows in our consciousness,” arousing complex emotions and leaving “a gallery of great human images for our contemplation.”

From Library Journal "The two-time Pulitzer Prize winner here presents his opinions on how the Civil War shaped modern America," said LJ's reviewer (LJ 5/15/61). Warren is an unbiased observer and in analyzing the causes and effects of the fighting places guilt in both camps. This remains "a timely and valuable book." Copyright 1998 Reed Business Information, Inc. "Warren brings to this task his critical acuteness as a historian . . . his verbal sensitivity as a novelist, and his insight as a poet."—David Donald, New York Times Book
